

LIFEKEEPERS

*Someone we love
Did not keep their life
In pain and anguish
They ended their strife*

*In this lifetime on Earth
We'll see them no more
Yet we carry them always
In our soul, in our core*

*Now we're left here
And we must stay
We have life to live
To the fullest each day*

*For we are the Lifekeepers
A promise we make
To celebrate their lives
Our own not to take*

*We are the Lifekeepers
Truth Bearers, Peace Seekers,
We are the wounded
We are the healed
We are the Lifekeepers
Our commitment now sealed*
